Profile

Motivated and detail-oriented **Junior Software Developer** with a strong foundation in **HTML, CSS, JavaScript, and React**. Passionate about building clean, responsive, and interactive web interfaces. Eager to join a collaborative team where I can learn problem-solving skills, creativity, and a commitment to writing efficient, maintainable code, grow, and contribute to real-world applications.

Professional Experience

Trainee at SAIL Innovation Lab

My role as a trainee so far has been very tasking, challenging and has also made me stronger in terms of code writing using different tools

Business executive at Adron Homes & Properties

Responsible for creating and executing strategies to promote properties and attract potential buyers, renters, or investors. My goal is to increase visibility, generate leads, and ultimately help close sales or leases.

Footballer

The journey as a footballer has been a testament to passion, discipline, and resilience. Midway through the journey, challenges arose, injuries, competition, and the struggle for recognition. With multiple seasons played, the leadership mindset was gained.

Skills

React, JavaScript, Tailwind Css, CSS, HTML, Good Communicating skills

Education

B.S.C, History & International Relations.

University of ilorin

Interests

- Always curious about emerging tools, frameworks, and trends
- Tech Communities & Meetups
